The outcome of the check will be noted in the recording system and, where appropriate, the member of staff will be informed in writing.

School holidays or leave lasting at least two weeks shall be excluded for purposes of calculation of the minimum one-month period of return to work.

The member of staff concerned will be notified in writing of this decision and the consequences, the grounds being set out, as provided for in this article. At the same time, the member of staff concerned will be notified in writing of the appeal possibilities open to him. A copy of this notification will be sent to the competent public authority which arranged the secondment.

- (b) During long-term sick leave, the member of staff concerned shall be entitled:

1° during the first six months, to the full remuneration which he was receiving prior to the start of his sickness, without prejudice to regular advancement to a higher step or pay increases. There shall be no payment for overtime not worked.

However, he shall continue to receive 100% family allowances.

Contributions to the sickness insurance scheme shall be calculated on the basis of the total basic salary and the amounts owed by the person concerned.

However, if the sums paid to the member of staff concerned by the competent public authority which arranged his secondment are higher than this reduced remuneration, he shall be entitled to retain the difference between the two sums.

2. The Director shall refer to the Secretary-General and, for the Directors and Deputy Directors for the secondary cycle and the nursery and primary cycle, teaching and supervisory staff, to the national Inspector, the case of any member of staff whose **CUMULATIVE SICK LEAVE**, including the leave referred to in Article 40(3), exceeds twelve months over a period of three years.

A copy of this notification will be sent to the competent national authority which arranged the secondment.

Article 42

1. Pregnant women shall be entitled, on production of a medical certificate, to **MATERNITY LEAVE** starting six weeks before the expected date of confinement shown in the certificate and ending fourteen weeks after the date of confinement; such leave shall not be for less than twenty calendar weeks.

In the case of multiple or premature birth or the birth of a child with a disability or serious illness, the duration shall be 24 weeks. Premature birth for the purposes of this provision is a birth taking place before the end of the 34th week of pregnancy.

2. **ADOPTION LEAVE** shall be granted to a member of staff who adopts a minor child.
Such leave shall be of 20 weeks.

In case of multiple adoptions on the same date or if the child is disabled or seriously ill the leave shall be of 24 weeks.

Every adopted child shall confer entitlement to only one period of special leave. It may be shared between the adoptive parents if both are seconded staff members. It shall be granted only if the seconded staff member's spouse engages in a gainful activity at least half-time. If the spouse is not a seconded staff member and benefits from comparable leave, a corresponding number of days shall be deducted from the seconded staff member's entitlement.

The Secretary-General or the Director may, in cases of necessity, grant additional special leave where the national legislation of the country where the adoption procedure takes place and which is not the country hosting the European School to which the seconded staff member is seconded requires a stay of one or both adoptive parents.

Where a seconded staff member is not entitled to 20 weeks' or 24 weeks' leave for adoption by reason of the third subparagraph of this paragraph, he is granted special leave of 10 working days, 12 working days in the case of multiple

adoptions on the same date or 20 days if the child is disabled or seriously ill. That additional special leave shall be granted only once for each child.

The member of staff concerned shall submit a request for such leave to the Secretary-General or the Director, as the case may be, one month beforehand.

3. At the written request of the member of staff and with the agreement of his or her seconding authority, the School may authorise the suspension of the period of secondment for reasons of **PARENTAL LEAVE** on the grounds of the birth or adoption of a child to take care of that child until a maximum age of eight years.

The request shall be submitted by the staff member to the Director at least three months before the requested starting date. In duly justified cases of emergency the period of three months is reduced to four weeks.

During such suspension and without prejudice to Article 55.7 of these Service Regulations the member of staff shall not be entitled to any kind of remuneration referred to under Title V, Chapter I or reimbursement of expenditures referred to under Title V, Chapter II of these Service Regulations.

Notwithstanding national provisions imposing a longer minimum duration for parental leave, the suspension shall not exceed a maximum of four months per child and shall only be taken en block.

The period of suspension shall not extend the period of secondment as defined in Article 29.

Article 43

1. In so far as the requirements of the service allow, and to enable the member of staff concerned to deal with urgent personal matters or to meet obligations to his immediate family, **ABSENCES OF SHORT DURATION** may be authorised, in accordance with the arrangements determined by the Board of Governors:

On cessation of such entitlement, the member of staff shall receive the sum due up to the last day of the month in which entitlement ceases.

Article 47

1. A member of staff's remuneration shall be expressed in euro. The amount of remuneration shall be rounded off to the nearest euro cent above.
2. It shall be paid to the member of staff at the place and in the currency of the country where he carries out his duties.

These exchange rates shall be compared with the monthly exchange rates in force for the implementation of the budget. Should there be a difference of 5% or more in one or more currencies compared with the exchange rates used hitherto, an adjustment shall be made from that month. The final calculation of this adjustment shall be made on the basis of the tax certificate drawn up by the national tax authorities competent for the member of staff, disregarding income other than national salary but ensuring that any tax advantages reducing the amount of national tax payable are taken into consideration.

3. Directors and the Central Accounting Officer shall qualify for a special allowance equal to 15% of their basic salary.

4. The requirements of attendance at a school that charges fees shall not apply to payments under paragraph 3.
5. If custody of the child in respect of whom the education allowance is paid has been entrusted by law or by an order of court or of the competent administrative authority to another person, the education allowance shall be paid to that person in the name and on behalf of the member of staff. In such case, the distance of at least 50 km referred to in the preceding paragraph shall be calculated from the place of residence of the person having custody of the child. These allowances shall be paid in the currency of the country in which that person is resident, calculated where applicable on the basis of the exchange rates used for the implementation of the general budget of the European Communities on 1 July of the year the current salaries were fixed. They shall be subject to the weighting for the country in question if it is inside the Communities or to a weighting equal to 100 if the country of residence is outside the Communities.

A member of staff entitled to reimbursement of the expenses which he has incurred subject to the conditions laid down in this chapter shall immediately declare any sums of like nature to which he or his spouse are entitled. Such latter sums shall be deducted from the aforementioned sums paid by the School.
3. A member of staff's **PLACE OF ORIGIN** shall be determined when he takes up his appointment, account being taken of the place of recruitment or the centre of his interests, as defined in the Community public service.

Place of recruitment means the place where the member of staff was normally resident at the time of his recruitment. Centre of interests means the place where the member of staff retains his main family ties, his assets in the form of built immovable property and his essential interests of a civic nature, both assets and liabilities.

When all the factors taken into account for determination of the centre of interests have ceased to exist in the course of the member of staff's career, the Secretary-General may, at the request of the member of staff concerned and on the basis of supporting evidence, agree once only to revision of the place of origin, if a new centre of interests can be defined.

The effect of such a change shall not, however, be such as to recognise as the centre of the member of staff's interests a place outside the territories of the Member States of the European Union.

4. Should a member of staff's previous place of employment have been situated outside the European territory of the Member States, the Capital of the country of which he is a national shall be regarded as the place of origin when he takes up his appointment.
5. The **PLACE OF EMPLOYMENT** in a European School shall be the place where the School is situated.

For the Schools situated in the territory of Brussels-Capital, the place of employment shall be considered one and the same.

Section 1 – TRAVEL EXPENSES

Article 60

1. A member of staff shall be entitled to reimbursement of **TRAVEL EXPENSES** for himself, his spouse and his dependants actually living in his household:
 - (a) on taking up his appointment, from the place of origin to the place of employment,
 - (b) on termination of service within the meaning of Article 31 of these Regulations, from the place of employment to the place of origin,
 - (c) on any transfer involving change of place of employment.

In the event of the death of a member of staff, his spouse and dependants shall be entitled to reimbursement of travel expenses under the same conditions.

2. Travel expenses shall cover:
 - the price of first-class rail transport by the shortest route,
 - the cost of seat reservations and of transport of luggage,
 - supplements for sleeping accommodation (double sleeper) (reimbursed against production of sleeper tickets) where the journey includes not less than six hours of night travel between 22.00 and 07.00.

Where the route referred to in the first indent exceeds 500 km and in cases where the usual route includes a sea-crossing, or where in the case of routes provided for in the above two indents, air travel is more economical than rail travel, the member of staff concerned shall be entitled, on production of the tickets, to reimbursement of the cost of travel by air in economy class.

Where a means of transport other than those mentioned above is used, calculation of reimbursement shall be based on the cost by rail in the appropriate class, excluding sleeping accommodation, or the cost by air, if it is more economical. Where calculation on this basis is not possible, the terms of reimbursement shall be determined by special reasoned decision of the Secretary-General.

Article 61

1. Members of staff entitled to the expatriation allowance shall be entitled, within the limit set out in paragraph 2, in each school year to a flat-rate payment corresponding to the cost of travel from the place of employment to the place of origin as defined in Article 59 of these Regulations for themselves and, if they

are entitled to the household allowance, for the spouse and dependants within the meaning of Article 54.

Where a husband and wife are both members of staff, each has the right in respect of himself or herself and in respect of dependants to the flat-rate payment of travelling expenses, in accordance with the above provisions; each dependant shall be entitled to one payment only. The payment in respect of dependent children is fixed at the request of the husband or wife, on the basis of the place of origin of one or other of them.

Where a member of staff marries during a given school year and thereby becomes entitled to the household allowance, the travel expenses payable for the spouse shall be calculated in proportion to the period from the date of the marriage to the end of the school year.

Any alteration to the basis of calculation which may arise from changes in family status after the date of payment of the sums in question shall not render the member of staff concerned liable to make repayment.

Travel expenses for children aged less than two years during the entire school year shall not be reimbursed.

2. The flat-rate payment shall be based on an allowance per kilometre of distance between the member of staff's place of employment and place of origin.

Where the place of origin as defined in Article 59 of these Regulations is outside the territories of the Member States of the European Union as well as outside of the countries and territories listed in Annex II to the Treaty on the Functioning of the European Union and the territories of the Member States of the European Free Trade Association, the flat-rate payment shall be based on an allowance per kilometre of geographical distance between the staff member's place of employment and the capital city of the Member State whose nationality he holds. Staff members whose place of origin is outside the territories of the Union as well as outside the countries and territories listed in Annex II of the Treaty on the Functioning of the European Union and the territories of the Member States of the European Free Trade Association and who are not nationals of one of the Member States shall not be entitled to the flat-rate payment.

The kilometric allowance is set out in Annex IX to these Regulations.

To the above kilometric allowance a flat-rate supplement shall be added, which is likewise set out in Annex IX.

The kilometric allowances and flat-rate supplements shall be adapted every year in the same proportion as remuneration.

3. A member of staff whose service is terminated in the course of a school year for any reason other than death shall, if he is in active employment in the service of the European Schools for less than nine months of that year, be entitled only to part of the flat-rate payment provided for in paragraph 1 and 2, calculated in proportion to the time actually spent in the service of the Schools.

Section 2 – REMOVAL EXPENSES

Article 62

1. The expenses incurred in respect of **REMOVAL** of furniture and personal effects from the place of origin to the place of employment, including the cost of insurance against ordinary risks (breakage, theft, fire), shall be reimbursed to a member of staff who is obliged to change his place of residence in order to comply with Article 21 of these Regulations and who has not been reimbursed in respect of the same expenses from another source.
2. Such reimbursement shall not exceed the amount of an estimate approved in advance, following scrutiny of not less than three estimates submitted to the appropriate departments of the School.

If they consider the estimates to be excessive, the said departments may select another removal firm. In the latter case, entitlement to reimbursement may be limited to the amount of that firm's estimate.

3. On termination of service or on the death of a member of staff, the expenses incurred in respect of removal from the place where he was employed to his place of origin shall be reimbursed.

Where the deceased was unmarried, the expenses shall be reimbursed to those entitled under him.

4. Removal shall be effected within 12 months of the member of staff's definitively taking up his appointment.

On termination of service, removal shall be effected within a maximum of three years.

Removals effected after the expiry of the time limits set out in this paragraph shall be reimbursed only in exceptional cases and by special decision of the Secretary-General.

5. In cases of transfer to another European School, removal expenses shall be reimbursed in accordance with the procedures laid down in paragraphs 1, 2 and 4.

Article 63

1. A member of staff travelling on mission and holding an appropriate travel order shall be entitled to reimbursement of travel expenses and to daily subsistence allowance in accordance with the following provisions.
2. The travel order shall state the probable duration of the mission, on the basis of which shall be calculated any advance which the member of staff may draw against the daily subsistence allowance. Save where a special decision is taken, no advance shall be payable where the mission is not expected to involve an absence of more than 24 hours and is to be carried out in a country using the same currency as that used in the place where the member of staff is employed.
3. Save in special cases, to be determined by special decision and in particular where a member of staff is called back from leave, reimbursement shall be limited to the cost of the most economical journey between the place of employment and the place of mission which does not require the official on mission to extend his stay significantly.

Article 64 Travel expenses

1. Travel by rail

Travel expenses for missions carried out by rail shall be reimbursed on presentation of supporting documents on the basis of the cost of transport in first class by the shortest route between the place of employment and the place of the mission.

On presentation of supporting documents the following travel expenses shall also be reimbursable:

- cost of seat reservations;
- supplements for special fast trains;
- supplements for sleeping accommodation (single sleeper) where the journey includes not less than six hours of night travel between 22.00 and 7.00.

The used tickets should be attached to the mission expenses claim form.

2. Travel by air

Members of staff shall be authorised to travel by air if the outward and return journeys by rail would total at least 800 kilometres.

Flights shall be reserved in economy or a comparable class at the lowest fares available, bearing in mind the timetable for the official business and/or the specific features of the mission, for each leg of a journey comprising up to four hours of uninterrupted actual flying time.

Should the conditions to qualify for the fare require a weekend stay at the destination (so-called 'Sunday rule'), additional daily subsistence allowances may be granted, in so far as this is justified by the cost-benefit ratio.

Business class air travel may be authorised if the member of staff is accompanying the Secretary-General.

The used air tickets and the original boarding cards should be attached to the mission expenses claim form.

3. Travel by sea

The Secretary-General shall authorise in each case the classes to be used and the cabin supplements which may be reimbursed.

4. Travel by car

Travel costs shall be reimbursed in the form of a lump sum based on the rail cost, in accordance with point 1, no other supplement shall be paid.

In the case of a member of staff travelling on mission in special circumstances, however, the authorising officer may decide to grant the member of staff an allowance per kilometre covered, instead of the reimbursement of travel costs provided for above, if the use of public transport presents clear disadvantages or if the cost-benefit ratio is more favourable as a result of several members of staff using the car. In that case the person on mission shall receive a flat-rate allowance per kilometre as laid down in Annex IX.

A member of staff authorised to use his own car remains fully liable for any accidents to his car or to third parties. He must be in possession of an insurance policy covering his civil liability up to an amount considered adequate by the authorising officer.

Article 65

1. The daily subsistence allowance shall be paid as a flat-rate amount and shall be considered to cover breakfast and two main meals, local travel, the cost of telecommunications, including fax and Internet, and all other sundries. Accommodation costs, including local taxes, shall be reimbursed up to a maximum fixed for each country, on production of supporting documents.

2. The scale of daily allowances and the hotel ceiling for missions in the EU Member States are set out in Annex IX.
3. The daily subsistence allowance shall be calculated in accordance with the following provisions:
Length of the mission:
 - 6 hours or less: 0.2 of the daily allowance and in addition any transport costs on the basis of supporting documents;
 - 6-12 hours: half the daily allowance;
 - 12-24 hours: the daily allowance;
 - 24-36 hours: one and a half times the daily allowance;
 - 36-48 hours: twice the daily allowance;
 - 48-60 hours: two and a half times the daily allowance, etc.

Staff must declare all meals or accommodation provided by or reimbursed by any of the EU Institutions, a European School, another administration or third party. The corresponding deductions will be applied as follows:

The daily allowance is to be reduced by 30% for each meal provided by others. The reduction for breakfast is 15%. The remaining 25% is considered to cover all other expenses.

Additional reimbursements may be made on submission of a duly substantiated application approved by the authorising officer and accompanied by supporting documents where the total justifiable expenses exceed that part of the allowance intended to cover sundries (25%), for example: the costs of communications (telephone, mobile phone, fax, Internet, etc.) incurred for official purposes and approved by the authorising officer (itemised telephone bills with numbers and names of contact persons to be submitted identifying the official communications).

CHAPTER III

SOCIAL SECURITY

Article 66

1. (a) Membership of the **SICKNESS FUND** set up by the Board of Governors shall be compulsory for every member of staff.

(b) Members of the fund shall pay one third of the contribution decided by the Board of Governors to meet sickness insurance cover.
2. The following shall be covered, on the basis of the rules laid down by the European Communities in Annexes I to III of the Rules on Sickness Insurance for Officials of the European Communities:

- the member of staff,
 - his spouse, where such spouse is not eligible for benefits of the same nature and of the same level by virtue of any other legal provision or regulation,
 - dependent children within the meaning of Article 54.
 - the unmarried partner of a member of staff shall be treated as the spouse, provided that:
 - (i) the couple produces a legal document recognised as such by a Member State, or any competent authority of a Member State, acknowledging their status as non-marital partners,
 - (ii) neither partner is in a marital relationship or in another non-marital partnership,
 - (iii) the partners are not related in any of the following ways: parent, child, grandparent, grandchild, brother, sister, aunt, uncle, nephew, niece, son-in-law, daughter-in-law.
3. After secondment ends, the member of staff and the persons covered by his insurance may request to be continued to be insured against sickness
- for a period of six months from the date on which the member of staff terminates his service in the European Schools,
- and
- provided that they produce evidence showing that they cannot be covered by any other sickness insurance scheme,
- and
- on condition that one third of the contribution for the month preceding termination of appointment continues to be paid into the Sickness Fund of the European Schools, the remaining two-thirds being paid by the School.
 - The six-month limit laid down above shall not apply in the case of serious illness contracted before the member of staff's service terminated and throughout its duration.
- The request, with the relevant supporting documents, shall be submitted within a month at the latest of termination of service.
4. The following may continue for a maximum of six months to be insured against sickness as provided for in point 2. above, in his or her capacity as insured persons previously covered under the member of staff's insurance:

- (a) the ex-spouse of a member of staff,
- (b) a child who ceases to be a member's dependant

where they can provide evidence that they cannot be covered by any other sickness insurance scheme.

This cover shall not give rise to the levy of a contribution.

This six-month period shall commence on the date of the decree absolute of divorce or of the loss of status of dependent child or of person treated as a dependent child.

5. Where the total expenditure not reimbursed for any period of twelve months exceeds half the member of staff's basic monthly salary, special reimbursement shall be allowed by the Secretary-General, in the manner provided for in the rules referred to in point 2. above, account being taken of the family circumstances of the person concerned.
6. Persons entitled to the foregoing benefits shall declare the amount of any reimbursement which they may claim under another compulsory sickness insurance scheme provided for by law or regulation for themselves or for persons covered by their insurance. This shall be deducted from the reimbursement which the member of staff may claim pursuant to the rules referred to in point 2. above.

Reimbursements obtained under a private supplementary sickness insurance scheme covering that part of the expenditure which is not reimbursable by the sickness insurance scheme of the Board of Governors of the European Schools shall not be deductible.

7. During the suspension of secondment for parental leave as referred to in Article 42.3, the member of staff and the persons covered by his or her insurance may request to be continued to be insured against sickness
 - provided that they produce evidence showing that they cannot be covered by any other sickness insurance scheme and
 - on condition that one third of the contribution for the month preceding the suspension of secondment continues to be paid into the Sickness Fund of the European Schools, the remaining two-thirds being paid by the School.

The request, with the relevant supporting documents, shall be submitted at least one month before the suspension of the secondment.

Article 67

- 1.(a) A member of staff is insured, from the date of his entering the service, against the **RISK OF OCCUPATIONAL DISEASE and of OCCUPATIONAL ACCIDENT**, subject to the Rules in force for officials of the European Communities.
- (b) He shall contribute to the cost of insuring against non-occupational risks up to 0.1% of his basic salary.
- (c) The aforementioned rules shall specify which risks are not covered under (a) and (b).

2. The benefits payable shall be as follows:

(a) In the event of death:

Payment to the persons listed below of a lump sum equal to five times the deceased's annual basic salary calculated by reference to the monthly amounts of salary received during the twelve months before the accident:

- to the deceased member of staff's spouse and children in accordance with the law of succession governing the member of staff's estate; the amount payable shall not, however, be less than 25% of the lump sum;
- where there are no persons of the category above, to the other descendants in the ascending line, in accordance with the law of succession governing the member of staff's estate;
- where there are no persons of either of the two categories above, to the relatives in the ascending line, in accordance with the law of succession governing the member of staff's estate;
- where there are no persons of any of the three categories above, to the School.

(b) In the event of total permanent invalidity:

- Payment to the member of staff of a lump sum equal to eight times his normal basic salary calculated on the basis of the twelve monthly amounts of salary received during the twelve months before the accident.

(c) In the event of partial permanent invalidity:

- Payment to the member of staff of a proportion of the sum provided for in subparagraph (b) above, calculated by reference to the scale laid down in the aforementioned rules.

As provided for in these rules an annuity may be substituted for the payments provided for above.

3. The following shall also be covered in the manner provided for in the aforementioned rules: medical, pharmaceutical, hospital, surgical, prosthesis, radiography, massage, orthopaedic, clinical and transport expenses and any other similar expenditure incurred as a result of the accident or occupational disease.

Reimbursement shall, however, only be made where the amount paid to the member of staff under Article 66 of these Regulations does not fully cover the expenditure incurred.

Article 68

The School shall take out insurance to cover its own **CIVIL LIABILITY** and that of the third-party liability of the members of its staff in the performance of their duties, and also to cover legal defence.

In the event of professional misconduct, action shall be taken against the member of staff concerned pursuant to Articles 23 and 75 of these Regulations.

Article 69

The Secretary-General may make **LOANS** or **ADVANCES** to a member of staff who is in a particularly difficult position as a result *inter alia* of serious or protracted illness or by reason of family circumstances and provided that he cannot obtain assistance from the competent public authority to which he belongs.

The decision shall be taken by the Administrative Board for executive, teaching and supervisory staff.

Article 70

1. On the **BIRTH** of a child to a member of staff, the person who has actual care of the child shall receive the sum of EUR 198.31.

The same sum shall be paid to a member of staff who adopts a child under five years of age and a dependant within the meaning of Article 54 of these Regulations.

This grant shall also be payable in the event of termination of pregnancy after not less than seven months.

- 2.(a) The recipient of a grant on the birth of a child shall declare any grants of the same nature to which either the member of staff or his spouse is entitled received from other sources for the same child. Such grants shall be deducted from the grant paid by the School.

- (b) Where both parents are members of the staff of the European Schools, the sum shall be paid once only.

Article 71

- (a) In the event of the **DEATH** of a member of staff, the surviving spouse or dependent children shall receive the deceased's full remuneration within the meaning of Article 45 until the end of the third month after the month in which the death occurred.
- (b) In the event of the death of a member of staff, of a member of staff's spouse or of dependent children within the meaning of Article 54, the School shall reimburse the costs involved in transporting the body from the member of staff's place of employment to his place of origin.
In the event of a member of staff's death during a mission, the School shall bear the costs involved in transporting the body from where death occurs to the member of staff's place of origin.

CHAPTER IV

SEVERANCE GRANT

Article 72

1. A member of staff whose service terminates for reasons other than disciplinary action shall be entitled to payment of a **SEVERANCE GRANT** proportionate to actual service up to a maximum of nine years.
2. The grant shall be calculated on the basis of the difference between one and a half months of the last basic European salary, weighted at the rate for the country of origin, and one and a half months of the last basic national salary for each year of service. Basic national salary means basic national remuneration including components which reflect cost-of-living expenses, even if these are determined separately. By way of derogation from Article 47 above, the severance grant shall be paid in the member of staff's country of origin. When the severance grant is paid in a currency other than the euro, the exchange value of the basic European salary for purposes of calculating the said grant shall be expressed in the currency of the member of staff's country of origin on the basis of the exchange rate used for the implementation of the general budget of the European Communities on 1 July of the year in which the member of staff leaves.

CHAPTER V

RECOVERY OF UNDUE PAYMENTS

Article 73

Any sum overpaid shall be recovered if the recipient was aware that there was no due reason for the payment or if the fact of the overpayment was patently such that he could not have been unaware of it.

The request for recovery must be made no later than five years from the date on which the sum was paid. If it can be established that the recipient deliberately misled the administration with a view to obtaining the sum concerned, this deadline shall not apply.

Should the annual adjustment of remuneration show that excessive amounts were paid, the overpayments for the corresponding period must be recovered.

CHAPTER VI

SUBROGATION IN FAVOUR OF THE EUROPEAN SCHOOLS

Article 74

1. The European Schools shall assist the member of staff, notably in any proceedings against those responsible for threats and insulting or defamatory acts against himself or members of his family on account of his status and his office.

They shall jointly and severally provide compensation for the resulting damage suffered by the member of staff, in so far as he does not conceal the origin of the damage and has not obtained compensation from those responsible.

2. The subrogation provided for by point 1. above shall extend *inter alia* to the following:
 - continued payment of remuneration to the member of staff during the period when he is temporarily unfit to work,

 - supplementary family allowances paid in accordance with Title V, Chapter I, Sections 3 and 4 of these Regulations in respect of a dependent child suffering from serious illness, infirmity or handicap.
3. However, the European Schools shall not be subrogated to rights of compensation in respect of purely personal damage such as non-material injury, damages for pain and suffering or compensation for disfigurement and loss of amenity over and above the allowance granted for those headings under Article 67 of these Regulations.
4. The provisions of points 1., 2. and 3. above may not be a bar to direct action by the European Schools.

TITLE VI

DISCIPLINARY MEASURES

Article 75

1. Any failure by a member of staff to comply with his obligations under these Regulations, whether intentionally or through negligence on his part, shall make him liable to **DISCIPLINARY ACTION**.

3. Disciplinary measures shall take one of the following forms:

4. A single offence shall not give rise to more than one disciplinary measure.
5. **DISCIPLINARY PROCEEDINGS** shall start with notification to the person concerned of the facts complained of, by the authority with disciplinary powers (Article 76), and must be terminated within six months of the date of notification. In the event of serious or very serious misconduct, the authority may order that the member of staff concerned be suspended forthwith and for the duration of the disciplinary proceedings. The decision that a member of staff be suspended shall specify whether he is to continue to receive his remuneration or determine what part thereof is to be withheld, which may not be more than half his basic salary.
6. The member of staff charged shall be given a prior opportunity to state his views and shall have access to all relevant papers in the file. He shall have not less than fifteen days from the date of initiation of the proceedings to prepare his defence and may be assisted by a defence counsel of his choice.
7. Where the member of staff is prosecuted for those same acts, a final decision shall be taken only after a final verdict has been reached by the court hearing the case.
8. All reference in the personal file to the written warning shall be deleted after a period of three years. All reference in the personal file to the reprimand shall be deleted after a period of six years.
9. The seconding authority shall be informed of disciplinary action taken. In the event of removal from post, the file shall be forwarded to the seconding authority to terminate the secondment of the member of staff concerned.

Article 76

1. The Board of Governors shall be the sole body competent to take **DISCIPLINARY ACTION** against the Secretary-General, the Central Accounting Officer and the Financial Controller and the Assistant Financial Controllers.

On a report from its Secretary-General, the Board of Governors may also take disciplinary action against the Deputy Secretary-General, Directors and Deputy Directors for the secondary cycle and the nursery and primary cycle.

2. The Director, after seeking the opinion of the national Inspector, shall issue written warnings to members of the teaching and supervisory staff. Acting on a proposal from the Director, the Board of Inspectors shall be responsible for reprimanding these staff.

The Director shall issue written warnings to and shall reprimand the Deputy Director for Finance and Administration of the School.

3. The Secretary-General shall take disciplinary action against his Senior Assistant and Heads of administrative units.

Acting on a proposal from the Directors and the Board of Inspectors, the Secretary-General shall be responsible for removing members of the teaching and supervisory staff from their posts.

The Secretary-General shall be responsible for removing the Deputy Directors for Finance and Administration from their posts, acting on a proposal from the Director of the School.

Article 77

1. An **ADMINISTRATIVE APPEAL** may be lodged with the Secretary-General against disciplinary measures taken by the Director and by the Boards of Inspectors, within one month of the date of notification of the disciplinary action.

The Secretary-General, after hearing the person concerned and seeking the opinion of the national Inspector in the case of a warning and of the Board of Inspectors in the case of a reprimand, shall confirm or annul the disciplinary action within three months. The member of staff concerned shall be notified of the decision without delay.

2. A **CONTENTIOUS APPEAL** may be lodged with the Complaints Board established pursuant to Article 27 of the Convention defining the Statute of the European Schools against:

- (a) the decision of the Secretary-General bringing to an end the administrative appeal referred to in point 1 of this article

- (b) any disciplinary action taken by the Board of Governors or its Secretary-General.

The appeal must be lodged within one month of the date of notification of the decision to the person concerned or of the disciplinary action which is the subject of this appeal.

The appellant may be assisted or represented for this purpose by one or more persons of his choice.

TITLE VII

APPEALS

Article 78

1. Any decision relating to a specific individual which is taken under these Regulations shall be communicated in writing to the member of staff concerned without delay. Any decision adversely affecting a member of staff shall state the grounds on which it is based; decisions concerning Directors and Deputy Directors for the secondary cycle and the nursery and primary cycle and the members of the teaching and supervisory staff shall be communicated to the national Inspector.
2. Any member of staff may submit to the Director or the Secretary-General, in their spheres of competence, a **REQUEST** that they take a decision in respect of him within three months of submission of the request. If at the end of the aforementioned period no reply to the request has been received, this shall be deemed to constitute an implied decision rejecting it, against which an administrative appeal within the meaning of Article 79 may be lodged.

Article 79

1. An **ADMINISTRATIVE APPEAL** may be lodged with the Secretary-General against express and implied decisions in the administrative and financial areas. If the disputed decision has been taken by a Director, the prior opinion of the Administrative Board of the School shall be required.

An administrative appeal may be lodged with the Board of Inspectors against express or implied decisions in the educational area. The member of staff may be assisted by a defence counsel of his choice.
2. The administrative appeals referred to in paragraph 1 of this article must concern the legality of an act adversely affecting the person concerned.
3. Such appeals must be lodged within one month. The period shall start to run:
 - on the date of publication of the act, if it is a measure of a general nature,
 - on the date of notification of the decision to the person concerned, but in no case later than the date on which the latter received such notification, if the measure affects a specified person.
4. The Secretary-General and the Board of Inspectors shall take a reasoned decision within five months of the lodging of the administrative appeal and shall notify the persons concerned of this decision without delay.
5. If at the end of the periods indicated in the preceding paragraphs, no reply to the administrative appeal has been received, this shall be deemed to constitute an implied decision rejecting it, against which a contentious appeal within the meaning of Article 80 may be lodged.
6. The lodging of an administrative appeal shall not have the effect of suspending enforcement of the disputed act. The authority competent to judge the appeal may, however, decide on suspension if it considers that enforcement of the act would lead to damage or injury impossible or difficult to repair.

Article 80

1. The Complaints Board shall have sole jurisdiction in the first and final instance in any dispute between the management organs of the School and members of staff regarding the legality of an act adversely affecting them. Where such appeals are of a financial character, the Complaints Board shall have unlimited jurisdiction.
2. A **CONTENTIOUS APPEAL** to the Complaints Board, without prejudice to the provisions of Article 77, shall lie only:
 - if an administrative appeal within the meaning of Article 79 of these Regulations has been lodged with the Secretary-General or the Board of Inspectors beforehand

and

- if an express or implied decision rejecting the said administrative appeal has been taken.
3. Notwithstanding paragraph 2 above, a contentious appeal against decisions of the Administrative Boards of the Schools and of the Board of Governors may be lodged direct with the Complaints Board.
 4. The contentious appeal must be lodged within three months of the notification or publication of the act which is the subject of the appeal.

The Complaints Board must reach a decision within six months of the lodging of the appeal and the appellants must be notified of the decision within fifteen days thereof.

5. Contentious appeals within the meaning of this article shall be examined and judged subject to the conditions laid down by the Rules of Procedure established by the Complaints Board.

Appeals lodged with the Complaints Board shall not have suspensory effect. However, the Complaints Board may, if it considers that the circumstances so require, order that application of the contested act be suspended. Judgments of the Complaints Board shall be final and enforceable.

6. The time periods mentioned in these Regulations shall be counted from date to date, if they are expressed in months, and in working days, unless otherwise provided, if they are expressed in days. If in the month of the time limit there is no day identical with the one on which the calculation started, it will be understood that the time period expires on the last day of the month. If the last day of the time period falls on a non-working day, the time period will be extended to the first subsequent working day.

TITLE VIII

TRANSITIONAL AND FINAL PROVISIONS

CHAPTER I

TRANSITIONAL PROVISIONS APPLICABLE TO MEMBERS OF STAFF

Article 81

1. These Regulations shall enter into force on 1 September 1996 and shall apply in full to members of staff in post from that date, save as otherwise provided in Articles 81(2) to 85 below.

I. OBJECTIVES OF THE REGULATIONS CONCERNING THE APPOINTMENT OF DIRECTORS AND DEPUTY DIRECTORS

1. To open the candidature possibilities for each post to a sufficient number of candidates, in order to ensure that real competition is guaranteed between candidates from at least two Member States and preferably more.
2. To ensure and maintain a mix of nationalities in management teams (in space and in time).
3. To ensure fair access for candidates from all the Member States.
4. To define a calendar of work matching the requirements of the system.

II. PROFILE OF DIRECTORS AND DEPUTY DIRECTORS

The particulars and qualities described below are mandatory. The emphasis given to particular aspects of the profile may vary in response to the specific characteristics of individual schools.

1. The candidate must have the competence, skills and qualifications required in his/her country to head an educational establishment providing a leaving certificate entitling the holder to university entrance (for candidates for a post of Director or Deputy Director for the Secondary) or a primary school (for candidates for a post of Deputy Director for the Nursery and Primary)
2. The candidate should demonstrate management competence in the pedagogical, administrative and financial fields, for example:
 - in leading a school as a whole organisation
 - in establishing good human relations
 - in resolving conflicts
 - in synthesising ideas
 - in managing human, material and financial resources
 - in setting up and developing a quality control system in the different areas of management of the school.

This requirement is not intended to exclude those without previous experience of headship.

3. The candidate should have a knowledge of a minimum of three languages, including at least two of the three vehicular languages (English, French, German). The candidate must undertake to learn the language of the country in which the school is situated. The level of knowledge of the language of the country will be one of the criteria for the first evaluation.
4. The candidate should demonstrate knowledge and understanding of the European Schools system.
5. The candidate must be able to commit to serving at least the first five-year term of office (subject to a positive evaluation during the second year of service).

III. APPLICATION PROCEDURE

1. The candidate's file must contain the following information:
 - date of birth
 - civil status
 - educational background and qualifications
 - professional experience
 - knowledge of languages (to be documented and assessed on the basis of the Common European Framework of Reference for Languages self-assessment grid produced by the Council of Europe)
 - special abilities, skills and achievements
 - names of referees

Official documents to be attached to the Curriculum Vitae:

- copies of diplomas, certificates and other evidence of formal qualifications
- an official document testifying that the candidate has no criminal convictions which would be incompatible with the post.

It is recommended that the 'Europass' Curriculum Vitae be used.

Candidates should send their applications to their national delegations, which will deal with them as described in VI.B.2. below.

2. The candidate's file will be accompanied by a declaration by the seconding authority to the effect that the candidate fulfils the prerequisites for any candidature, namely:

- that he/she has the background and formal qualifications required in his/her country to head an educational establishment providing a leaving certificate entitling the holder to university entrance (for candidates for a post of Director or Deputy Director for the Secondary) or a primary school (for candidates for a post of Deputy Director for the Nursery and Primary)
 - that he/she is eligible to commit to serving at least the first five-year term of office (subject to a positive evaluation during the second year of service)
 - that he/she has the language skills required, i.e. knowledge of three languages, a very good command of at least one of the three vehicular languages (DE – EN – FR) and a good working knowledge of a second vehicular language. -
3. The Secretary-General will satisfy himself/herself that all the required documents have been provided with the application. Should the application file be incomplete, the candidature might not be taken into consideration.

IV. ACCESS TO CANDIDATURES – DISTRIBUTION OF EXECUTIVE POSTS (DIRECTORS AND DEPUTY DIRECTORS) AMONGST MEMBER STATES

1. Each Member State may have a maximum of three executive posts, including one post of Director.
2. When a Director or Deputy Director leaves a school the only nationality which should be excluded from holding the subsequent appointment is that of the Director or Deputy Director leaving the post. However, where the Director or Deputy Director from a given country leaves before completing the first five-year period, the Board of Governors will not necessarily exclude the Member State which seconded him/her from providing candidates in the competition to choose his/her successor.
3. No two executive posts in the same school may be held by persons seconded by the same Member State.
4. No Member State may nominate candidates for a greater number of posts than that which their candidates may hold in accordance with the Regulations in force (see IV.1) or nominate the same candidate for several posts.
5. If a Member State does not yet hold a Director's post, it may propose a serving Deputy Director or serving Deputy Directors for a vacant post of Director provided that such a candidate or candidates fulfil(s) the criteria specified in the profile. Similarly, it may propose one or more Deputy Directors for the Primary for a vacant secondary post or vice versa, provided that the candidate(s) fulfil(s) the criteria specified in the profile.
6. A Director may not normally come from the Member State in which the school is situated. An exception may be made in the case of the setting up of a new school or if the Board of Governors decides that a school will cease to be a Type I school.

V. LENGTH OF TERM OF OFFICE

1. The term of office of Directors and Deputies will be nine years.
2. The term of office will be subdivided into three periods:
 - an initial period of two years. An evaluation will be made during the second year.
 - a second period of three years. A further evaluation will take place during the fifth year.
 - a third period of four years.
3. The length of the term may be extended by one year in the interests of the service at the end of nine years in the same school.
4. In the case of a transfer, the total length of the term in the two schools is ten years. It may not, under any circumstances, exceed ten years.

VI. SELECTION OF DIRECTORS AND DEPUTY DIRECTORS

A. APPLICATIONS FOR TRANSFER of current post-holders in the interests of the service

1. When a post of Director or Deputy Director is vacant in a school, the Secretary-General of the European Schools will notify serving Directors or, as the case may be, Deputy Directors who will have completed five or six years when the post is to be filled.
2. Directors may apply for a further term as Director of a second school and Deputies for a further term as Deputy of the appropriate teaching level (cycle).
3. The Joint Board of Inspectors will advise if an application for transfer is justified in the interests of the service and will take the decision.
It will consider the aspects of evaluation mentioned in Section II of the document 'Evaluation of the Performance of Directors and Deputy Directors'.
4. In the interests of mobility and of harmonisation within the system, transfer applications will be given priority consideration in relation to new appointments.

B. APPOINTMENT OF CANDIDATES to posts of Directors/Deputy Directors.

1. If there are no transfer applications or if the Joint Board of Inspectors judges that they are not in the interests of the service, the Secretary-General will draw up, taking account of the rules laid down in point IV, a list of the Member

States which may nominate candidates for the different posts and will invite the countries concerned to express their possible interest in the post.

2. The delegations interested will nominate candidates for the vacant post, classified in alphabetical order, and will send these applications to the Secretary-General. A delegation nominating a serving Deputy or serving Deputies for a Director's post may only nominate the serving Deputy or serving Deputies in question.
3. Without prejudice to point IV.5, if only two nationalities are involved, each must present at least two and a maximum of three candidates; if three or more nationalities are involved, each may present a maximum of two candidates.
4. If there are no candidates or if the candidates come from a single country, the Secretary-General will invite all the countries to nominate a candidate, even those which have already filled their quota of posts, with the exception of those concerned by point IV.2., 3. and 6.
5. The selection of candidates by the Member States should be made, after public advertisement, on the basis of criteria identical to those in force for appointment to a post of responsibility in the public service in the Member States.
6. Candidates for the post of Director and of Deputy Director for the Secondary must have the competence, skills and qualifications required in their own country to head an educational establishment providing a leaving certificate entitling the holder to university entrance (Article 21 of the Convention defining the Statute of the European Schools).
7. Candidates for posts of Deputy Director for the Nursery and Primary must have the competence, skills and qualifications required in their own country to be Directors or Deputies of comparable primary education establishments.
8. Applications from teachers who work or have worked in a European School will be considered on the same basis as those from other teachers, provided that such applications match the profile defined in point II.

C. SELECTION OF CANDIDATES

1. A Selection Committee will be set up, chaired by the Secretary-General of the European Schools. The composition of this Committee will depend on the post to be filled. The Deputy Secretary-General may be a member of the Committee, but without a vote, except if the Secretary-General has delegated him/her to chair the Selection Committee.
2. Inspectors' representation

- i. for a Director's post, in addition to the Secretary-General of the European Schools, the Committee will consist of four inspectors, two from the Board of Inspectors (Primary) and two from the Board of Inspectors (Secondary)
 - ii. for a Deputy Director's post, in addition to the Secretary-General of the European Schools, the Committee will consist of:
 - two Primary inspectors for a Primary Deputy's post.
 - two Secondary inspectors for a Secondary Deputy's post.
 - iii. An Inspector of each of the countries presenting candidates may be present as an observer during the interviews of all the various countries' candidates, but without a vote. The observers may not be present during the deliberations.
3. Directors' Representation
 - i. for a Director's post, two Directors will be designated to sit on the Selection Committee. The Director of the school where the post is vacant cannot be a member of the Committee.
 - ii. for a Deputy Director's post, only one Director will be a member of the Committee. This Director must be from the school where the post is vacant.
4. The Report of the Selection Committee should give a résumé of the Committee's overall judgement regarding each candidate, making reference to the qualities itemised in Section II of the Document 'Profile of Directors and Deputy Directors'. It will state whether it judges the candidates to be 'excellent', 'very good', 'good' or 'acceptable' or whether they failed to show the competence and skills required to head a European School or to hold a post of Deputy Director for the Primary or the Secondary, as the case may be. The Committee will rank the candidates in order of preference.

D. APPOINTMENT

1. If the Selection Committee reaches unanimous agreement on the proposed rank order which it has determined, the Secretary-General will make the appointment on behalf of the Board of Governors and will inform the Board of Governors and the Joint Board of Inspectors thereof, either at their next meeting or in writing.

Only a candidate who has been rated 'very good' or 'excellent' may be appointed in this way.

2. If the Selection Committee fails to reach unanimous agreement on a proposal or if none of the candidates have been rated 'very good' or 'excellent', the Secretary-General will submit the Report of the Selection Committee to the Joint Board of Inspectors, where necessary by written procedure.

In that case, the Board of Governors will decide on the appointment, having considered the recommendations of the Selection Committee and the Joint Board of Inspectors.

VII. PROCEDURE

1. As soon as he/she has learned of the vacancy of a post at the beginning of the following school year, the Secretary-General will inform serving Directors or Deputy Directors in their fifth or sixth year of service and will organise, where appropriate, the evaluations of any transfer applicants.
2. The Secretary-General will inform the Joint Board of Inspectors of the transfer applications and of the outcomes of the evaluations.

The Joint Board of Inspectors will decide on the transfer applications.

3. The Secretary-General will inform the delegations of the posts of Director and Deputy Director to be filled. He/She will draw up, taking account of the rules laid down in point IV, a list of the countries which may nominate candidates for the different posts and will invite the countries concerned to inform him/her of their interest in the post.
4. The Secretary-General will inform the delegations which have expressed an interest in the post of the number of candidates which each country may nominate. He/She will ensure that a list of the countries which are interested in the vacant posts is published in the European Schools
5. The Secretary-General will draw up the timetable for the Selection Committees and will invite the Boards of Inspectors and the Directors to designate their representative(s).
6. If the Selection Committee reaches unanimous agreement on the proposed rank order which it has determined, with the caveat that the candidate selected must have been rated 'very good' or 'excellent', the Secretary-General will make the appointment on behalf of the Board of Governors and will inform the Board of Governors and the Joint Board of Inspectors thereof.
7. If, on the other hand, the Selection Committee has failed to reach unanimous agreement on a proposed rank order of candidates or if none of the candidates have been rated 'very good' or 'excellent', the Secretary-General will submit the Report of the Selection Committee to the Joint Board of Inspectors for an opinion.
8. The Board of Governors will decide solely on appointments on which the Selection Committee has failed to reach unanimous agreement or if no candidate has been rated 'very good' or 'excellent'.

VIII. EVALUATION OF DIRECTORS AND DEPUTY DIRECTORS

1. Evaluation should aim to establish an objective view of the quality of work, with the aims of providing advice and support, recognising achievement and securing improvement where necessary. Directors and Deputy Directors will be formally evaluated in sufficient time to allow a decision to be taken on confirmation of the appointment after the initial period of two years, extension of the term of office beyond the fifth year or, where appropriate, termination of the appointment.

For executive staff in post before September 1999, formal evaluation will take place every five years, beginning on the first multiple of five years from appointment.

3. It is the responsibility of the Secretary-General of the European Schools to ensure that formal evaluations are carried out in good time.
4. The signatures of the Secretary-General and of the person evaluated on an evaluation report are legally binding with respect to third parties.
5. Directors and Deputy Directors will be evaluated on the performance of their duties as set out in Chapter 1 of the General Rules of the European Schools. The following elements will receive particular attention:

More detailed criteria are recommended in the attached form, which must be used for all evaluations of Directors and Deputies.

6. Before evaluation, the evaluating team will meet the Director/Deputy Director in order to inform him/her of the areas which will be evaluated and the strategies to be employed.
7. At the end of the evaluation a brief confidential report, referring to performance in the eight areas listed above, will be written by a member of the Evaluation Committee, designated to do so by the latter. If two of the three members of the Evaluation Committee reach the conclusion that performance in the areas evaluated does not meet, or no longer meets, the demands of the post, the Evaluation Committee will request that the appointment should not be confirmed or that the term of office should not be renewed.
8. This report will be sent to the individual evaluated, who will have ten working days in which to make any comments in writing on the report.

In the event of disagreement, an appeal may be lodged as provided for in Articles 78-80 of the Regulations for Members of the Seconded Staff.

9. The report will be sent to the national authorities and to the General Secretariat of the European Schools.
10. In the case of an evaluation which concludes that the term of office in the same school should continue, the evaluation report will be sent to the Joint Board of Inspectors for its information
11. In the case of an evaluation concerned with a transfer application, at the end of the fifth or sixth year, the evaluation report will be sent to the Joint Board of Inspectors, which will decide on the transfer.
12. In the event of a negative evaluation, in accordance with the arrangements set out in point 7 above, the member of staff's position as Director or Deputy Director, as the case may be, will be terminated at the end of the current school year and the Secretary-General will request the seconding authority to terminate the secondment.

IX. TRANSITIONAL MEASURES

ANNEX II: IMPLEMENTING REGULATIONS FOR THE APPOINTMENT AND EVALUATION OF DIRECTORS AND DEPUTY DIRECTORS WHO TOOK UP THEIR POSTS BEFORE SEPTEMBER 2009 – 2003-7610-en-7

I. PROFILE OF DIRECTORS AND DEPUTY DIRECTORS

The particulars and qualities described below are mandatory. The emphasis given to particular aspects of the profile may vary in response to the specific characteristics of individual schools.

1. The candidate must have broad educational experience in teaching areas corresponding to levels of study in the European Schools.
2. The candidate should demonstrate management competence in pedagogic, administrative and financial fields, for example:
 - in leading a school as a whole organisation
 - in establishing good human relations,
 - resolving conflicts and
 - synthesising ideas.

This requirement is not intended to exclude those without previous experience of headship.

3. The candidate should have a good command of at least one of the three vehicular languages (German, English, French) and a working knowledge of at least one other vehicular language. The candidate should also demonstrate willingness to learn other languages and particularly the language of the country in which the School is situated.
4. The candidate should demonstrate knowledge and understanding of the system of the European Schools.
5. The candidate should be sufficiently young to be able to complete a full mandate in the School where the post is vacant.

II. APPLICATION PROCEDURE

The candidate's file will contain the following information, accompanied by photocopies of relevant documents:

- * age
- * educational background and qualifications
- * professional experience
- * knowledge of languages
- * special abilities, skills and achievements
- * names and referees.
- * a declaration made by the member state in question that the candidate has not committed any relevant penal offence

Candidates will send their applications to their national delegations which will deal with them as described in V. 2) below.

III. DISTRIBUTION OF EXECUTIVE POSTS AMONG MEMBER STATES

1. There should be a balanced distribution of executive posts (Directors and Deputies) between Member States.

To help it to compare the degree to which Member States have already been awarded executive posts the Board of Governors will use a weighting of points given to the different post as follows

A post of Director is worth two points, a post of Deputy Director for the Secondary cycle one point and a post of Deputy for the Primary cycle one point.

2. When a post of Director or Deputy Director is vacant in a European School, the Board of Governors (having first of all observed the stipulations in V 1 below) determines, during the school year before the date on which the post will become vacant, the list of Member States whose candidates may compete for the post.
3. For the time being and on a transitional basis, it was decided that when more than one post is to be filled at the same time, no Member State may propose candidates for a greater number of posts than that which their candidates may occupy in accordance with these rules.

The regulation imposing a maximum of three such posts for each Member State remains in force until September 2006.

a) Each Member State may have a maximum of two executive posts from September 2006, without prejudice to the contractual commitment to those already in post.

However, if a Member State does not hold a Director's post it may propose a serving Deputy Director or serving Deputy Directors for a vacant post of Director provided such a candidate or candidates fulfil(s) the conditions specified in the Profile. No two posts in the same School may be held by persons seconded by the same Member State. (1)

(1) If it proves necessary to reduce the number of candidate countries, the period during which a Member State has not held such a post should be taken into account.

b) When a Director or Deputy Director leaves a school the only nationality which should be excluded from holding the subsequent appointment is that of the Director or Deputy Director leaving the post. However, where the Director or Deputy Director from a given country leaves before completing the first five year period, the Board of Governors will not necessarily exclude that country from providing candidates in the competition to choose his/her successor.

c) No Member State may hold two Directors' posts simultaneously.

d) A Director may not normally come from the Member State in which the School is situated. An exception may be made in the case of the setting up of a new school.

IV. LENGTH OF TERMS OF OFFICE

1. The term of office of Directors and Deputies will as a rule be 9 years, normally spent in one School.
2. The mandate will be subdivided into two periods:
 - a period of five years, before the end of which an evaluation will be made (see VI below)
 - a supplementary period of up to four years, if the Board of Governors, basing its decision on the evaluation evidence available, approves such an extension.
3. In the case of a transfer the length of term in the second School is five years.
4. The length of term can be extended by one year in the interests of the service.

V. SELECTION OF DIRECTORS AND DEPUTY DIRECTORS

- 1) Application for transfer of current post-holders in the interests of the Service

When a post of Director or Deputy Director is vacant in a School, the Secretary-General of the European Schools will notify serving Directors or, as the case may be, Deputy Directors who will have completed at least 5 but no more than 6 years when the post falls vacant.

Directors will be able to apply for a further term as Director of a second School and Deputies for a further term as Deputy of the appropriate cycle.

The appropriate Board of Inspectors will advise if an application for transfer is justified in the interests of the service and the Board of Governors will make its decision.

When determining its advice the appropriate Board of Inspectors shall consider the Aspects of Evaluation mentioned in Section II of the document 'Evaluation of Performance of Directors and Deputy Directors'.

2) Appointment of new Directors/Deputy Directors

If there are no applications for transfer or if applications are not judged to be in the interests of the service then the procedures described in III 2 & 3 will come into operation.

The delegations concerned will nominate candidates for the vacant post, classified in alphabetical order, and send these applications to the Secretary-General of the European Schools. A field of at least four but not more than eight candidates should be sought. A delegation nominating a serving Deputy or serving Deputies for a Director's post as in III 3 a) above may only nominate the serving Deputy or serving Deputies in question.

If only one nationality is involved, then four or five candidates will be presented. If two nationalities are involved, each may present two or three candidates; if three or four nationalities are concerned, each may present two candidates.

The selection of candidates by the Member States should be made, after public advertisement, on the basis of criteria identical to those in force for appointment to a post of responsibility in the public service in the Member States and in accordance with Article 21 of the Convention defining the Statute of the Schools.

Candidates for posts must be qualified in their own country to be Directors or Deputies of comparable institutions.

Applications from teachers who work or have worked in a European School will be considered on the same basis as those from other teachers. The Secretary-General of the European Schools should ensure that details of vacant posts are published in the European Schools.

3) A Selection Committee will be set up, chaired by the Secretary-General of the European Schools. The composition of this committee will vary, depending on the post concerned. The Deputy Secretary-General may participate in the Committee but without a vote.

a) Inspectors' representation

- for a Director's post, in addition to the Secretary-General of the European Schools, the Committee will consist of four inspectors, two from the Secondary Board of Inspectors and two from the Primary Board of Inspectors

- for a Deputy Director's post, in addition to the Secretary-General of the European Schools, the Committee will consist of:

 - > two Primary inspectors for a Primary Deputy's post.

-> two Secondary inspectors for a Secondary Deputy's post.

- An Inspector of each of the countries presenting candidates may be present as an observer during the interviews of all the various countries' candidates, but without a vote. The observers may not be present during the deliberations.

b) Director's Representation

- for a Director's post, two Directors will be nominated for the Selection Committee. The Director of the School where the post is vacant cannot be a member of the committee.

- for a Deputy Director's post, only one Director will be a member of the Committee. This Director must be from the School where the post is vacant.

- 4) The Report of the Selection Committee should give a résumé of the Committee's overall judgement regarding each candidate making reference to the qualities itemised in Part I of this Document 'Profile of Directors and Deputy Directors'. It is preferable that the Committee should determine its rank ordering of candidates unanimously. If necessary it may determine that rank ordering by a two thirds majority.
- 5) The Board of Governors will decide on the appointment, having considered the recommendations of the Selection Committee and the Board of Inspectors.

VI. EVALUATION OF DIRECTORS AND DEPUTY DIRECTORS

1. Evaluation should aim to establish an objective view of the quality of work, with the aims of providing advice and support, recognising achievement and securing improvement where necessary. It should also enable the Board of Governors to make decisions about extending the mandates of Directors and Deputies or approving a transfer to another School.

2. Directors and Deputy Directors will be formally assessed in sufficient time for the Board of Governors to make a decision about extending their mandate beyond the fifth year of their term. For those in post before September 1999, formal evaluation will take place every five years, beginning on the first multiple of five years from appointment.

3. For Directors, the evaluation will be made by the Secretary-General, by an inspector of the same nationality as the Director and another inspector of a different nationality and from the other cycle.

For Deputy Directors (Primary), the evaluation will be made by the Inspector (Primary) of the same nationality as the Deputy Director, the Director and by another Primary inspector.

4. It is the responsibility of the Secretary-General of the European Schools to ensure that formal evaluations are carried out in good time. The signature of the Secretary-General on an evaluation report is legally binding with respect to the person evaluated and to third parties.

5. Directors and Deputy Directors will be assessed on the performance of their duties as set out in Chapter 1 of the General Rules of the European Schools. The following elements will receive particular attention:

- Leadership,
- Initiatives developing a European spirit,
- Planning, Implementation and Evaluation ,

- Communications and Human Relations.

More detailed criteria are recommended in the attached form to be used for all evaluations of Directors and Deputies.

6. Before evaluation, the evaluating team will meet the Director/Deputy Director in order to agree the areas for evaluation and the strategies to be employed.

7. At the end of evaluation a brief confidential report will be written referring to performance in the five areas listed above. This report will be sent to the individual assessed, the members of the team, the national authority and the Secretary-General.

8. The person evaluated will have ten days in which to formulate comments in writing concerning the report. In the case of continued disagreement, the appeals procedures of Articles 78-80 of the Regulations for Members of the Seconded Staff may be invoked.

9. In the case of an evaluation concerned with the prolongation of a mandate in the same school, the evaluation report will be sent to the appropriate Inspector's Board for its information

10. In the case of an evaluation concerned with authorising a transfer, the evaluation report will be sent to the appropriate Inspectors' Board to enable it to make a recommendation to the Board of Governors.

ANNEX V

PROVISIONS FOR IMPLEMENTING THE ARTICLE 27 OF THE STAFF REGULATIONS PERTAINING TO DETERMINATION OF THE ENTRY LEVEL STEP ON THE SCALE

The step to which a member of staff may claim entitlement on appointment shall be dependent on the number of years of relevant professional experience to his credit.

Responsibility for determination of the entry level step on the scale shall lie with the Secretary-General, who may delegate this responsibility to one or more members of the managerial staff referred to in Article 6.c of the Regulations for Members of the Seconded Staff, with the exception of the Administrators-Bursars of the Schools, the Financial Controller and the Assistant Financial Controller.

Except in the case of the managerial staff referred to in Article 6.c of the Regulations, the following shall be taken into account for the purposes of determining the number of years of relevant professional experience:

- any duly certified professional activity, provided that it is directly connected with teaching;
- years of compulsory military service.

Periods of activities pursued part-time shall be calculated pro rata, on the basis of the number of hours which would be worked if these activities were pursued full-time.

A given period may be counted only once.

“Professional activity directly connected with teaching” means:

- teaching activities proper;
- inspection of teaching activities;
- research activities in the areas of education, pedagogy and teaching;
- activities involving the design, writing or production of teaching tools and aids, including textbooks, computer programs and media broadcasts;
- positions in national or local administrations responsible for education, excluding positions whose job description has no connection with education.

Example: working as an accountant in a ministry of education could not be taken into account for a post of seconded teacher. On the other hand, working on curriculum design or putting quality control in place in education constitutes relevant professional experience for such a post.

It is acknowledged that this list of activities is not exhaustive. Any other professional experience will be assessed on a case by case basis. It could only, however, be taken into account if there were a direct and unequivocal connection with the teaching area.

For the managerial staff referred to in Article 6.c of the Regulations, the following shall be taken into account for the purposes of determining the number of years of relevant professional experience:

- any duly certified professional activity, provided that it is directly connected with the nature of the post to which the member of staff is to be seconded;
- years of compulsory military service.

Periods of activities pursued part-time shall be calculated pro rata, on the basis of the number of hours which would be worked if these activities were pursued full-time.

A given period may be counted only once.

The member of staff shall be responsible for providing evidence of his relevant professional experience by producing documents/attestations allowing the following to be certified:

- the duration of his relevant professional experience;
- where applicable, completion of years of compulsory military service.

The curriculum vitae of the member of staff will be validated by his seconding authorities.
