In the event of any illegal activity, fraud or corruption which may harm the interests of the Schools or of the Contracting Parties referred to in Article 25 of the Convention defining the Statute of the European Schools, the member of staff shall inform the authorities and bodies designated by the applicable legislation, including this Financial Regulation, in particular to OLAF. They shall also take appropriate measures to prevent a conflict of interests from arising in the functions under their responsibility and to address situations which may objectively be perceived as a conflict of interests.

Where such a risk exists, the person in question shall refrain from such action and refer the matter to the authorising officer responsible, who shall confirm in writing whether a conflict of interests is found to exist. 2. The authorising officer responsible shall approve, in respect of every amount receivable established, a recovery order. The recovery orders shall be registered in the accounts by the accounting correspondent. The purpose of approval shall be to establish that:
  - a) the revenue is booked to the correct budget item;
  - b) the recovery order is in order and conforms to the relevant provisions;
  - c) the supporting documents are in order;
  - d) the particulars of the debtor are correct;
  - e) the due date is indicated;
  - f) the order conforms to sound financial management;
  - g) the amount and currency of the sum to be recovered are correct.

The authorising officer responsible and the accounting officer shall be periodically informed, at least on a quarterly basis, by the accounting correspondent that the amount receivable has been recovered.
4. Should an amount receivable not be recovered within the time limit set for payment, the accounting correspondent shall propose the initiation of the recovery procedure by legal action.

## Article 48

### Rules on recovery

1. The accounting correspondent shall assume responsibility for the recovery of amounts receivable duly established by the authorising officer responsible. The accounting correspondent shall exercise due diligence to ensure that the revenue due to the Schools is recovered by the due dates indicated in the recovery orders and shall ensure that the Schools' rights are safeguarded.

The accounting correspondent shall inform the authorising officer responsible and the accounting officer of any revenue not recovered within the time limit set in the specific rules applicable to each particular case and, in any case, on a quarterly basis. Where necessary, he or she shall initiate the recovery procedure.
2. If the authorising officer responsible plans to waive or partially waive the recovery of an established amount receivable, he or she shall first send the corresponding proposal for waiver to the accounting officer for an opinion.

The purpose of the approval by the authorising officer, having been informed of the opinion of the accounting officer, shall be to ensure that the waiver is in order and is in accordance with the

principles of sound financial management and proportionality. The proposal concerned shall be registered by the accounting correspondent.

Any proposal that the right to recover an established amount receivable be waived shall mention in particular the nature, the estimated amount involved, the budget item to which the revenue was to have been booked, the grounds for the proposed waiver and the name and description of the debtor.

3. The authorising officer responsible may waive recovery of all or part of an established amount receivable only in the following cases:

- (a) where the foreseeable cost of recovery would exceed the amount to be recovered and the waiver would not harm the image of the Schools;
- (b) where the amount receivable cannot be recovered in view of its age, of delay in the dispatch of the related debit note, of the insolvency of the debtor, or of any other insolvency proceedings;
- (c) where recovery is inconsistent with the principle of proportionality. For these purposes, the authorising officer responsible shall consider the following criteria which are compulsory and applicable in all circumstances:

-the facts, having regard to the gravity of the irregularity giving rise to the establishment of the amount receivable (fraud, repeated offence, intent, diligence, good faith, manifest error);

-the impact that waiving recovery would have on the operation of the School and its financial interests (amount involved, risk of setting a precedent, undermining of the authority of the law).

For the purposes of this subparagraph (c) additional criteria to be considered or concrete procedural requirements to be followed may also be established in a Memorandum of the authorising officer of the European Schools.

4. In accordance with Article 47(3), the authorising officer responsible and the accounting officer must be periodically notified, at least on a quarterly basis, about amounts receivable that have been collected. Where collection does not result from a recovery order drawn up in accordance with Article 47, the corresponding amount shall immediately be recorded on the credit side of a suspense account and the authorising officer responsible shall be requested to initiate the procedure for establishment of the amount receivable and to issue the missing recovery order so that the amount can be booked to the correct budget item and that, where appropriate, provision for the corresponding appropriations can be made. If a sum collected in error proves to have been credited to an account referred to above, the said sum shall be repaid at the earliest opportunity.

When the accounting correspondent finds that a document establishing an amount receivable has not been drawn up, or that a sum has not been recovered, he or she shall inform the authorising officer responsible and the accounting officer thereof within a reasonable time period and at all events within a maximum period of three months.

## Article 49
