Decisions of the meeting of the Board of Inspectors (Nursery and Primary)

Meeting of 9 October 2018 – Brussels

D. PEDAGOGICAL RULES/STANDARDS

1. Broadening the German platform for German-speaking sections to all subjects allowing an exchange of annual and periodic planning (Oral) B. SCHUMACHER

Ms Schumacher presented the proposition to broaden the already existing German platform for L1 and L2 to all subjects in all the German-speaking sections. The platform would use the features provided by O365, thus no additional cost or resource would be requested. The aim would be to harmonise the education throughout the German-speaking sections and to facilitate the work of the teachers.

The BIP approved the request for “Broadening the German platform for German-speaking sections to all subjects”. Moreover, the BIP would always like to encourage such initiatives, which could contribute to the development and amelioration of the education in the European Schools.
