## **Report on school failures and repeat rates in the European Schools – 2019**

Approved by the Joint Teaching Committee on 10 and 11 October 2019 - Brussels

## I. Introduction

In April 2013 the Board of Governors approved the document 'Amendment of Article 61 of the General Rules: Promotion to the year above' - 2013-01-D-47-en-3 – with immediate entry into force from the 2013 session – written further to the amendments already approved in 2011 in order to clarify and standardise application of Article 61.

With the aim of viewing some of the consequences of this approval, this document provides some statistics on repeat rates since 2014 and their parallel with appeals lodged with Class Councils.

Further to the meeting of the Joint Teaching Committee of 9 and 10 October 2014, S6 has been added in section VI. Data on the number and percentage of fail marks in relation to the total marks awarded at the end of the school year by section – by subject.

The document comprises:

- II. School by school data on pupils repeating a year in 2015, 2016, 2017 and 2018 and the number of pupils who were supposed to repeat the year in 2015, 2016, 2017 and 2018 but who left the school.
- III. School by school data on pupils repeating the year in 2019 and the number of pupils who were supposed to repeat the year in 2019 but who left the school.
- IV. School by school data for the 2018-2019 school year by year group, from primary class 1 to secondary year 7.
- V. School by school data for the 2018-2019 school year by section.
- VI. Data on the number and percentage of fail marks in relation to the total marks awarded at the end of the 2018-2019 school year by section – by subject, in S4, S5 and in S6.
- VII. Data on appeals lodged with the Class Councils from 2012 till 2019.
