1. **Follow-up and revision of the Assessment System in the Primary cycle of the European Schools – Update Calendar of the planned activities - 2020-09-D-27-en-5 + PPT D. MUSILOVÁ**

The version three of the document was approved by the BIP in October 2022.

This version of the document brings an overview of the accomplished innovations and a list of activities planned in the area of assessment for the school years 2022/23 and 2023/24.

The BIP does not approve the calendar that has been presented. This is a work in process which should be implemented on September 2024. The calendar project requires improvement (easier to be understood by the students, for ex.)

The JBI and the JTC will take note of the decision of the BIP.
