The members of the Board of Governors discussed the preliminary analysis of the report of the European Parliament' CULT Committee on the European Schools System.

The Board of Governors mandated the 'Enlarged Presidency Working Group' to elaborate a draft action plan which then should be discussed in the Joint Board of Inspectors, the Joint Teaching Committee and the Budgetary Committee in February/March 2024. Subsequently, it will be submitted to the Board of Governors in April 2024 for final decision.

##### **Modification of the Board of Governors' meeting calendar for April**

At the proposal of the Italian Presidency, the Board of Governors approved the slight modification to the April meeting dates. The change is intended to align the timing of the meeting with a 2-day 'Teacher Forum', organised by the Italian Presidency, prior to the meeting of the Board of Governors. The newly approved dates are now set for 10, 11 and 12 April 2024, with the Italian Presidency likely hosting the event in Parma.
