Report on Subject Failures and Repeat Rates in the European Schools 2024-2025

Board of Governors of the European Schools

Meeting on 9, 10 and 11 December 2025 – Brussels (Hybrid)

I. Introduction

In April 2013 the Board of Governors approved the document ‘Amendment of Article 61 of the General Rules: Promotion to the year above’ - 2013-01-D-47-en-3 – with immediate entry into force from the 2013 session – written further to the amendments already approved in 2011 in order to clarify and standardise the application of Article 61.

With the aim of viewing some of the consequences of this approval, this document provides some statistics on repeat rates since 2014 and their parallel with appeals lodged concerning Class Councils decisions.

Further to the meeting of the Joint Teaching Committee of the 9th and the 10th of October 2014, s6 has been added in section VI; data on the number and percentage of fail marks in relation to the total marks awarded at the end of the school year by section – by subject.

The document comprises:

- II. School by school data series on number and percentage of pupils repeating a year from 2020-2021 to 2023-2024 by enrollment status (pupils repeating the year still in school or who left the school);
- III. School by school data on number and percentage of pupils repeating the year in 2024-2025 by enrollment status (pupils repeating the year still in school or who left the school);
- IV. School by school data on pupils repeating the year in 2024-2025, by education level and class (primary and secondary cycle);
- V. School by school data on pupils repeating the year in 2024-2025, by linguistic section;
- VI. Data on the number and percentage of fail marks in relation to the total marks awarded at the end of the 2024-2025 school year by section and subject, in s4, s5 and in s6;
- VII. Data on appeals lodged against the decisions of the Class Councils from 2017 to 2025.

II. Number and percentage of pupils repeating the year from 2020-2021 to 2023-2024 by school and enrolment status

The data on repeating cases and the repeat rates do not take account of the nursery cycle. The total pupil population includes the pupils enrolled in the nursery, primary and secondary cycles.

V. Number and percentage of pupils repeating the year in 2024-2025, by school and by section

The pupil population includes the total number of pupils in the nursery, primary and secondary cycles. The data concerning repeaters and repeat rates do not take account of nursery cycle pupils repeating their year.

VI. Number and percentage of fail marks in relation to the marks awarded at the end of the 2024-2025 school year by section and by subject in s4, s5 and s6

The tables below show data for s4 and s5 pupils. The subjects have been grouped into different categories:

- Compulsory subjects: biology (BIO), chemistry (CHI), geography (GEO), history (HIS), languages (L1, L2, L3), mathematics (MA4, MA6), physical education (EP), physics (PHY) ;
- Optional subjects: ancient Greek (GRE), ancient Greek for L1 Greek pupils (GRO), art (ART), computer science (ICT), economics (ECO), languages (ONL, L4), Latin (LAT), music (MUS).

Note: totals may differ for mandatory subjects because some pupils in progression are not enrolled in all subjects:

- there are 2 666 pupils in s4 but only 2 665 grades in Geography, History, L1 and L2;
- there are 2 623 pupils in s5 but there is no course where all those pupils have a grade.

2. S6

The tables below show data for s6 pupils. The subjects have been grouped into different categories:

- first, compulsory subjects: geography (GE2), history (HI2), languages (L1, L2), mathematics (MA3, MA5), philosophy (PH2), physical education (EP), sciences, technology and society (STS) ;
- next, optional subjects: advanced subjects (L1A, L2A, MAA), ancient Greek (GRE), art (AR4), biology (BI4), chemistry (CHI), economics (ECO), geography (GE4), history (HI4), Latin (LAT), philosophy (PH4), languages (ONL, L3, L4), music (MU4), physics (PHY) ;
- last, complementary subjects: art (AR2), art history (HDA), art laboratory (LAR), biology laboratory (LBI), chemistry laboratory (LCH), computer science (ICT), electronics laboratory (MIC), introduction to economics (IEC), languages (L5), performing arts and media (PAM), physics laboratory (LPH), political sciences (SCP), sociology (SOC), sport (SPO), sustainability and active citizenship (DCA), technical drawing (DES).
- Please note that two other complementary subjects that exist did not have any s6 courses in 2024-2025: music (MU2), myth and society in the classical world (CLS).

Note: totals may differ for mandatory subjects because some pupils in progression are not enrolled in all subjects:

- there are 2 510 pupils in s6 but there is no course where all those pupils have a grade.
