Enrolment Procedure and calendar in the Brussels European Schools

The enrolment or transfer application is to be submitted **online via the Brussels European Schools enrolments portal**.

Information about the online enrolment procedure as well as the **link to the enrolments portal** will be available on the **intranets of the European institutions** as well as from the enrolments secretariat of the Brussels school/site corresponding to the first preference.

The procedure is organised in **two steps**:

- eligibility request via the enrolments portal to access the online enrolment form,
- then submission of the enrolment or transfer application.

The **eligibility request** has to be submitted via the enrolments portal through the enrolments secretariat of the school/site corresponding to the first preference school/site of the applicant for enrolment or transfer.

- 1) Without prejudice to the decision to be taken by the CEA, the secretariat of the school/site checks whether the pupil is eligible for enrolment in the Brussels European Schools.
- 2) Once the secretariat of the school/site has checked *prima facie* the pupil's eligibility, a personalised link allowing the applicant to access the Brussels European Schools enrolments portal will be transmitted.
- 3) This personalised link allows access to the enrolments portal and the creation of an account which remains valid for 10 years.

If you have already received this link and you have an account, it is not necessary to submit a new eligibility request.

If you have **IT issues** accessing your account or submitting your enrolment or transfer application, you can contact the Helpdesk service of the enrolments portal (es-enrolmentportal-support@eursc.eu) to report the problem.
