Question n°1

Sorry but I try to send an email to osg-call-for-tendersnursery&schoolsupplies-2025@eursc.eu but I receive a message of no delivery due to a fatal error (see attachment).

Please find our question :

Dear,

XXX is interesting by your tender N° BSGEE – 2024-12 but we are limited by your lots.

You have organized the lots by country and not by category of products.

XXXX has the possibility to deliver in Brussels, Luxembourg, Bergen and Mol products for schools but also products like pencils for kindergarten but not the toys for kindergarten and creches.

For information, you can check our stock assortment (delivery : Day +1 for all Benelux) via www.XXXX.be without login or via this link : XXXX . We have also access with a delay of +- 2 weeks to all assortment of our suppliers.

Is there a possibility in this tender to answer only to the school assortment?

If not and if you want to open the competition in 2029, is there the possibility for the future tenders in 4 years to organize the lots by country but also by product ranges : one for schools and one for kindergarten/ creches?

Réponse n°1

- Please note that the correct contact email address is: osg-call-for-tenders-nurseryandschoolsupplies-2025@eursc.eu
A corrigendum has been published on 24/04/2025, which can be found at <https://www.eursc.eu/en/Office/public-procurement>
The deadline has been extended to 28/04/2025 – 12h00 (Brussels'time).
- According to the specifications (see p.7 in particular "**Annex 4.b and 4.c of the Financial form set out lists of items or products ('the lists')** from which at least **90%** of the listed items must be in the tenderer's catalogue(s) proposed and an offer must be submitted, failing which the tender will be rejected (90% of the number of listed items but not of the quantities),".

The tenderer must propose at least 90% of the items listed in **both** Annex 4.b and annex 4.c of the tender's documents. It is not possible to apply to the school assortment (annex 4.b) only.

The planning of the tenders is not set yet for 2029 and therefore it is not possible to reply to your last question.
